**7:00 pm** – Concerts for the Forgotten with Eric Genuis (upper church)

*If you cannot make it for the entire day, feel free to attend what you are able.*

### **Dr. John Bruchalski**

Dr. John Bruchalski graduated from the University of South Alabama College of Medicine in Mobile, AL. During his training, he performed abortions out of a desire to help women, but soon realized

abortion did nothing of the sort. After a spiritual awakening, Dr. Bruchalski returned to the faith and felt God's call to start a clinic that truly helped women. In 1994, he founded Tepeyac Family Center, which offers much more than medicine: a faith-based, welcoming approach that takes all women regardless of belief, background, or financial means. He strives to combine the best of OB/Gyn quality medicine with caring for those in need while adhering to the teachings of the Catholic Church.

Dr. Bruchalski also founded Divine Mercy Care, a non-profit organization which funds roughly 30% of Tepeyac patients who are in need. In addition, through this organization, he seeks to educate medical students and the broader community about merciful medicine.

### **Eric Genuis**

Eric Genuis is a world-renowned Catholic composer and pianist. Having composed over 100 original pieces, he gives hundreds of concerts each year accompanied by stellar violin, cello and voice soloists. His mission is to convert hearts and minds to God through beauty. He is truly a musical

tour de force and his live concerts are a proven thrill to music lovers of both classical and contemporary genres.

Through his non-profit organization, Concerts for Hope, Mr. Genuis frequently gives free concerts in prisons, hospitals, and nursing homes to provide a profound encounter with peace and joy to those who would otherwise never have this opportunity, the forgotten of our society. This is truly a life-affirming ministry as it lifts up the human condition in a way nothing else can. As one inmate in a federal prison recently expressed with tears in his eyes, "Thank you for letting us feel like human beings again."

If you have already experienced his beautiful music on a previous tour in the area, you know that it is worth coming back and bringing family and friends with you. If you had not heard Mr. Genuis before, then prepare yourself for a deep stirring of beauty in your soul.
