THREE NIGHTS OF STUNNING PRESENTATIONS!

EACH NIGHT A DIFFERENT EXPERIENCE. COME 1, 2, OR ALL 3 NIGHTS.

*Can miracles stand up
to the test of science?*

- Exclusive film footage of a stigmatist who bleeds from her hands, feet, and head. Are these the wounds of Christ? *What does science have to say?*
- A consecrated Communion Host becomes living flesh and blood. Is it heart tissue? *What does science have to say?*
- A scientist and a famous investigative journalist (former atheists) witness statue of Jesus weeping real tears and shedding real blood. Are their claims true? *What does science have to say?*

Catholic Quest is hosting a **FREE EVENT** for everyone in the area.

If you have an "I will believe it when I see it" attitude, don't miss this event!

"I highly recommend this presentation by Tim Francis!

It will deeply strengthen the Faith of those who do believe and assist non-believers in their understanding of the Real Presence. A medical doctor who did not believe in the Real Presence now believes wholeheartedly. The speaker's enthusiasm is contagious and will move your faith into action."

*Fr. Jim Parker - Pastor of St. Mary and
Nativity of the Blessed Virgin Mary, East Dubuque, IL*

"Put it this way-this is either the biggest hoax of the 20th Century, in which case it would have to be a fairly huge conspiracy, or the most important moment of the century, if not the whole millennium."

*Alastair Thompson
New Zealand journalist*
