

"Come What May" is a powerful movie about a college student and a seemingly impossible court argument. If he argues what he truly believes, he stands to lose the most important competition of his life and the support of his mother. If he softens his stance, he might win the coveted title, but lose the heart of his teammate. "Come What May" is a vivid reminder that choosing what is right is never easy, but it is always worth the cost.

A powerful movie about a college student and a seemingly impossible court argument.
